

Barber Motorsports Park Birmingham Alabama
October 8/9, 2010

Florida Flairheads attended the annual Barber Motorsports Park Vintage Motorcycle Races.

If you have never been to the Barber Motorsports Park in Birmingham Alabama, you are missing a great motorcycle adventure. The park is huge. Lots of room for camping - tents or RV. Great spectator places all around the race track.

The 5th Annual Barber Vintage Festival featured a variety of events including a large swap meet, vintage motorcycle racing, air show, motorcycle auction and the large Barber Motorsports Museum, which is home to one of the largest vintage and modern motorcycle collections in the world.

The weekend was spectacular - great weather, lots of motorcycle races. One weekend is not enough time to see everything.

Plan on a full day to visit the museum. You can't see everything in the museum day! Also, plan on a half day for the swap meet. The swap meet had motorcycles, bike parts, tools and even come clothing, It was a very large swap meet.

Next year's event is scheduled for October 7,8,9 2011. Put it on your calendar. Early reservations are recommended to obtain the best camp sites...
