

WINTER RALLY 2009

Since we are Flairheads that really need to work on type 247 motorcycles, we braved the cold and participated in the 2009 Winter Rally at the Camp Blanding National Guard Base close to Starke, FL. It is billed by its sponsor, the BMW Owners of Northeast Florida, as the coldest rally in the state. We set up our Airhead Central and started looking for motorcycles that needed our help. Only had a couple of volunteers (victims?) but still shared the camaraderie that makes us the Flairheads.
